

Back To Elfish Land

The Sun is slowly going down,
Stars rise over meadow.
Silver moonlight tuch the ground.
From the Forest coming Shadow

She said not a single word,
She just smiled and took my hand.
There was a song, I heard:
«Welcome to The Elfish Land»

In the distance, a fire burns.
Fairie's dance look so devine !
But this is road with no return
and I sadly make my mind:

«I'm just a mortal, I'm afraid
to stay behind this magic walls,
be the star of a masquerade.
In my dreams I'll see You all.»

I know one day, I'll come again.
I'll leave this world and close the door.
Free of sorrow, free of pain,
I 'll dance with Fairies for ever more.
