

# ETERNAL MYSTERY

Intro:

In the beginning, it was darkness.

I stood on the bottom of black abyss of Universe.

There was no Time, no Space.

It was complete essence of emptiness.

Then, I said "Light"! And I saw

White and yellow stars dancing on the sky.

I said "Sound"! And I heard roaring thunders

And howling winds, ripping the ground!

Then, I said "Life" and it was Eternal Mystery...

Postepitaph

Now, you are coming to The End of Your Life.

Your physical body will burn to ashes,

Your immortal soul will fly to

Parallel cosmic dimension

To meet your Maker.

Your good deeds and your sins,

Your victories and defeats,

Your fate and your treacheries.

To swim with spirits of other cosmic creatures,

And wait for your turn, to be reborn,

Somewhere, in galaxy of Andromeda ...
