

## **Horus The Avenger**

I was born from Holy Flames,  
I am known by many names,  
I was slain, than I rose again,  
Vengeance burning in my brain.

I'm flying over Egyptian land  
This is The End...

I have wings of giant hawk  
Mountains tremble when I talk,  
I'm searching over endless sand,  
Spear of Doom is in my hand,

I fly across Pharos Land,  
This is The End  
Of Evil Seth!

There is blood on the sand,  
Of my Divine Fatherland,  
Nile is turning red,  
I cut of the head,  
Of The Seth.
