

Magic Star

Universe, up above us,
Full of stars full of eyes
Scrutinized our lives

Somewhere Out In Space, There Is A Magic Place
Hidden From Our Sight, So Far From Eyes
Creatures We Don't Know, Just Watching Where We Go
Counting Our Days And Our Nights

- Pre Chorus -

I Know That All Depends On Something To The End
Shining In The Sky. There It Is!

- Chorus -

Magic Star, Magic Star, Hope That You Will Find My Destiny
Magic Star, Magic Star, Hope You'll Find A Way To Set Me Free

Solar Winds Collide, Moon Is Our Guide
Skeletons In Clay, Wait For Judgement Day
Prophecy Comes True, Devil's Watching You !
If You Don't Look Out Then You Will Pay !

- Pre Chorus -

They Fade To Black, They're Ready To Attack !
The Unborn Childrens' Fate Is Known To All !

In the heart of a dessert,
In the heart of a battle,
Magic eyes scrutinized our lives.
After all, we will go
Up there in space,
With billions of souls,
Of long dead man

- Pre Chorus -

Magic Star, Magic Star, Hope That You Will Find My Destiny
Magic Star, You Are So Far...

In The Heart Of Desert
In The Heart Of A Battle
Magic Eyes Watching Lives
Oooh, We'll All Go There
All Souls Of Dead Men

Like Black Fluid Space Surrounds Our Heard
But In The Diistance, We Heard Th Call
Oooh, A Light Of Salvation Starts To Shine
Oooh, A Shape Below Us Is A Sign
We Arw Landing On Another World
Where We Are, We Finally Have Learned
